### University school:

Institution: Facultad de Matemáticas  
UADY

Third semester

## SOFTSKILLS

*I am a person who focuses a lot on independent learning, although I also like to learn from those who know more than me. I consider that lack of*

*communication is very common in the area of my career, but this aspect is made easier for me and thus I can generate a better collaboration with my team.*

## LANGUAGES

*I speak, read, write a good spanish, I like to learn about my language*

*I also have knowledge about English, but I am better reading and writing than speaking*
